**APPLICATION FOR CONSTRUCTION METER** (Effective 01/01/18)

**Account Number:** \_\_\_\_\_ **ID:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Billing Name:** \_\_\_\_\_ **Phone Number:** \_\_\_\_\_

**Billing Address:** \_\_\_\_\_

The undersigned applicant hereby applies for construction meter service, which at all times, will be maintained and used in conformity with and subject to the Rules and Regulations for the District. The applicant further agrees to each of the following conditions:

- The applicant is responsible for payment of the monthly System Operations Charge and water usage through this service, and will be charged for any and all damage or theft to this service or structure related thereof.
- This permit is nontransferable and is valid for a maximum of ninety days, and, if not renewed, the District may terminate the service after expiration of this permit.
- The District requires twenty-four hour notice to install, relocate, or remove the meter.
- **All water rendered through this service is considered surplus water supply and may be interrupted without notice when deemed necessary by the District.**

**The rates and fees for construction meters are:**

\$2,250 Deposit
\$8.05 / 1,000 Gallon of Water – Water Rate
\$123.00 Fire Flow Inspection Services

\$179.33 Monthly System Operations Charge
\$ 0.23 / 1,000 Gallons - Pumping Charge
\$31.00 Relocate Construction Meter

**Note: Illegal fire hydrant or construction water use is subject to a \$2,500 fine and/or possible criminal prosecution.**
